Use OGARTECH TECHNOLOGY Solar Power System, Zero Your Electricity Bill

INVOICE #0 [REDACTED] 24

Price Term: EXW factory price

Payment: 30% by TT, balance by TT before shipment;

Free system design service based on your requirement.

Optionally, we can send an engineer to your country and guide the installation.

All systems from our factory, solar panel/PV array combiner/solar panel bracket have 25 years warranty, IGBT inverter have 5 years warranty, Mosfet inverter have 2 years warranty, high frequency inverter 12 months, Gel battery is 2 years, lithium battery is 10 years. We will ship the free parts for service, we promise our quality.

The condition in China is good, so our carton package for solar panel is safe. But the shipping condition in some countries is not good. To ensure solar panel safe in such a bad condition, we suggest you can pack the solar panel in plywood box. The cost for 100 USD for 300W 500W system, 150 USD for 1KW 2KW 3KW 5KW system, free for 6KW to 40KW system.

Systems can be ready for shipment within 7-15 working days upon payment receiving.

Bracket, need confirm your roof materials.

Know which system is good for you, please ask our sales provide system load reference data to you, it will help you find out which system is suitable for your home.

Please use installation drawing and user manual to do the installation, we will provide them after you order the system. If it is necessary, we can provide training and installation service.
